RE: Full Compliance for the Letter of Deficiency (LOD) dated May 31, 2002
Treatment Road Dam #047.28, Claremont

Dear Mr. Goewey:

On May 2, 2003, the Department of Environmental Services (DES) received a letter and photos from Dufresne-Henry regarding the above referenced dam. The photos submitted show that the large crack in the top of the outlet pipe has been repaired. DES has determined that all deficiencies noted in the above referenced LOD have been corrected. We appreciate your cooperation in this matter. The next routine inspection of this dam is scheduled for the 2006 inspection season.

If you have any questions or comments, please contact me at 271-3406 or write to the Water Division at the address listed above.

Sincerely,

Amy C. Clark, P.E.
Dam Safety Engineer
